WALL STREET DEMORALIZED

Not Since October Has Stock
Exchange Been So Shaken.

THE CAUSE OF THE COLLAPSE

"Malefactors of Great Wealth" and
Certain of Their Sort Are Believed
to Have Discerned an Element of
Danger to Their Interests in the Ap-
prehension of a Revival of Political
Activity Against Corporations and
Wealth Brought About by Recent
Exposures.

New York, Sept. 23.—The disorder
of the transactions at the stock ex-
change Tuesday during the demoralized
break in prices was not greater
than the excessive confusion and con-
tradiction of the opinions held as to
the causes of the collapse. That it
was proof amounting to a demonstra-
tion of the fictitious and excessive na-
ture of the previous advance was
agreed to without dispute. There has
been general admission of this fact,
however, for weeks past and also gen-
eral agreement as to the responsibility
of groups of powerful capitalists for
the advance. The sensational col-
lapse which prices have undergone
has not altered the conviction as to
the source of the operations which ad-
vanced them previously, but the mo-
tives which prompt the abandonment
of the previous position offer a sub-
ject for the most divergent opinions.
Nothing indicates urgent necessity for
liquidation, with surplus reserves of
the banks still above \$50,000,000, in
spite of the inroads made upon them,
and with call loans easily procurable
at 1 per cent or slightly above. This
strengthens a conviction that the lead-
ers of the recent speculation must
have been entrenched with supplies
which would have protected them from
pressure of leaders which would pre-
cipitate any such urgent selling on the
market as is now seen. When it is
considered that the purpose attributed
to the movement to advance prices
was to help restore confidence, with a
view to stimulating business revival
and further the intended flotation of
new capital issues, the question arises
whether that purpose has been aban-
doned or regarded as futile. From the
standpoint of the stock market cam-
paign, considered wholly as such, its
success in attracting any general pub-
lic demand for securities and a dis-
tribution of stocks at the high prices
is doubted by all close observers of
the market. On the contrary the rise
in prices had the growing effect of
bringing to market holdings of an in-
vestment or partly investment char-
acter, both from home and foreign
sources. The necessity of accepting
these offerings in order to maintain
prices proved a growing burden to the
efforts of the supporters of the mar-
ket. It is not believed, however, that
it had become impracticable with the
resources credited to those supporters.
That the bitterness of the revived agi-
tation against corporations and the
public resentment at the supposition
of corruption influence in politics has
proved a shock to a feeling of securi-
ty which had grown up amongst groups
of very wealthy capitalists is an in-
terpretation of the present market de-
cline much heard. The prolonged rise
in prices was accompanied, almost
continually, by public expressions on the
part of prominent financiers that pub-
lic sentiment toward corporations was
changing and that the hostility had
spent its force.

The recent tone of the political cam-
paign and the sensation created by the
Archbold-Forsaker correspondence has
shaken this confidence amongst cap-
italists. In connection with this ele-
ment of the situation there was the
openly expressed suspicion on the
stock exchange floor that the disorder
in the market was a deliberate purpose
of forces which had fostered the pre-
vious advance with the object of point-
ing a warning of the dangers to be ap-
prehended from a revival of political
activity against corporations and
wealth.

Sales of upward of 100,000 shares
in Tuesday's market were ascribed to
brokers who have had the largest
share in executing the orders which
carried forward the long advance in
prices. Blocks of stocks were hurled
upon the market from such sources
time after time, when prices showed
any disposition to rally. With the mar-
ket seemingly lacking all support, the
bears operated very recklessly and
their buying to cover shorts toward
the end of the day was on an enormous
scale.

Still Under Military Guard.
New Orleans, La., Sept. 23.—Puer-

itary guard with a garrison of about
500 men, according to A. W. Brick-
wood, of Chicago, father of the Ameri-
can consul at Port Cortez. Brickwood

ton. He said that many other Hon-
duran towns are strongly fortified and
that President Davila is maintaining
strict order throughout the country.

THE DANGER OF PEACE IN NAVY

Another Turret Disaster Has
Been Recorded.

THE ENTIRE GUN CREW KILLED

The French Navy is Again Shocked by
a Disaster Similar to That of Last
August, Only on a Larger Scale.
When an Explosion During Gunnery
Drill Off Toulon Claims the Gun
Crew of Thirteen, and Completely
Wrecks Cruiser's Turret.

Toulon, France, Sept. 23.—During
gunnery drill, one of the big turret
guns on the French armored cruiser
Latouche Treville exploded with ter-
rific violence, completely wrecking the
after turret and killing outright the
entire gun crew of thirteen men. A
number of men were seriously in-
jured, some of them probably fatally.
The accident was similar to that
aboard the gunnery schoolship Cour-
oon, off Les Salins d'Hyeres, Aug. 12
last, when the bursting of the breech
of one of the guns killed six men and
injured eighteen.

The drill had been proceeding for a
considerable time, when without warn-
ing the whole turret seemed to blow
out. Disembodied bodies were thrown
in all directions and several of them
were hurled into the sea through the
great breach caused by the explosion.
The spectacle was horrible, the dead
and wounded, together with shattered
arms and legs, littering the decks. A
call to quarters was sounded and as
speedily as possible the wounded were
cared for. The gun that exploded was
7.6 inches bore, of which the cruiser
carried two. Happening so soon after
the accident on the Couroon, the ex-
plosion caused a sensation in naval
circles and doubtless will lead to a
most rigid investigation. The La
Touche Treville carries a complement
of 370 men.

Coasting Vessel Goes Down.
Seattle, Wash., Sept. 23.—Ad-
vice received from Alaska say that 110
men, including nine whites, were
drowned in the wreck of the American
bark Star of Bengal, on Coronation
Island, west of the Prince of Wales
archipelago. Twenty-seven of the ves-
sel's crew and passengers were saved.
The Star of Bengal belonged to the
Alaska Packers' association and was
on her way from Port Wrangell to San
Francisco with a cargo of 45,000 cases
of salmon. In addition to her crew
she carried 100 Chinese and Japanese
who were employed in the canneries
of the company, taken aboard at Fort
Wrangell.

The Canadian Pacific Strikers
Winnipeg, Man., Sept. 23.—Can-
adian Pacific railway engineers have
notified the company that they will not
run engines longer than another week
if the strike is not settled. In a letter
to the company they state they will lay
the facts before the railway commis-
sion at Ottawa. The company is pre-
paring another ultimatum in which
they will offer to reinstate strikers
under certain conditions.

Paraguay Having Trouble.
Asuncion, Paraguay, Sept. 23.—The
government has unearthed a plot
against it organized by members of
the negro party. All the conspirators
were taken into custody and a state of
siege has been proclaimed.

At a meeting of the Bryan Club last Wednesday at the court house, Judge R. G. Williams, of Covington a brother of M. C. Williams, was called upon to address the Club. He consented to give a short neighborly talk. The Judge is an excellent speaker and was liberally applauded throughout his remarks. He gave four splendid reasons why the people should vote for Bryan.

First—Because Bryan is for the election of United States Senator by a direct vote of the people.

Second—Because he is for the publication of campaign contributions before elections.

Third—Because Mr. Taft was named by one man, and his nomination forced by that one man Theodore Roosevelt.

Fourth—Because Taft has set a dangerous precedent in sending a labor leader to jail simply because he sought to explain to railroad employees the merits of a demand for restoration of wages reduced just a year previous, and because Mr. Taft is the father of injunctions in industrial disputes.

At the close of his speech the Club adjourned and he was taken to the Elks Lodge where he delivered a beautiful address: "Brotherhood of Man." This address was said to be, by the Elks in attendance, the prettiest talk ever heard in the city. Somerset Times.

Charles N. Haskell addressed an open letter to William Randolph Hearst in which he demands an instant showdown as to the charges made by Hearst that he was connected with the Standard Oil Company in Oklahoma. Mr. Haskell in the letter denounces Hearst as a deliberate falsifier, an assassin of character and asks that they both appear before a committee of three or five newspaper editors and be put on their oath, and if Mr. Hearst can prove to the satisfaction of the committee that he had ever had any connection with the Standard Oil Company he would immediately resign from the Democratic National Committee.

NEWS OF KENTUCKY

Fersley Told Information Concerning Matters of Current Interest to Kentuckians.

THE STATE NEWS IN A NUTSHELL

Here Are Found Accurately Detailed the Happenings of the Largest Import Which Are Attracting Attention Throughout Kentucky.

Lexington, Ky., Sept. 23.—A shipment of horses from the Millstream stud here, owned by Miller, Bishop & Painter of New York, composed of the \$80,000 stallion Adam and twenty-three brood mares, valued at a total of \$200,000, left here for New York, where it will be shipped for France to be sold. This is the most valuable consignment of horses ever sent from here by one firm.

RINGER AT LOUISVILLE

Mabel Wins Trotting Race, but Is Protested.

Louisville, Ky., Sept. 23.—The first alleged case of "ringing" that has appeared in Kentucky for some time showed up at the state fair ground when Mabel, the winner of the 2:25 trot, was declared by the owners of the horses finishing second and third to be a horse called Trump, which raced at Nashville under that name and had a mark of 2:18 1/4.

The owners of the second and third horses say that Mabel belongs to the man that raced her, but he also owns Trump, and it is hard to tell the difference in appearance between the two horses. The purse was held up by the state fair managers pending an investigation.

SEVEN PEOPLE WOUNDED

Free-for-All Fight Started in a Tent Meeting in Kentucky.

Danville, Ky., Sept. 22.—Seven people were shot, several seriously, at a big tent meeting at Moreland. The shooting occurred inside the tent, as the large crowd was beginning to leave. Just what started the shooting has not developed. Marshall Ferrell was shot in the right arm and is in a critical condition. Samuel Rothwell and Steven Benedict are believed to be in a serious condition from wounds in the legs. James Brackett, Marshal Edgington, Columbus Wheeler and Miss Cleola Colran, bystanders, were also wounded. Hundreds of men, women and children were more or less seriously hurt in the panic that followed.

KERN AT LOUISVILLE

Democratic Candidate Speaks at State Fair.

Louisville, Ky., Sept. 23.—John W. Kern, Democratic nominee for vice president, was met at the station by a committee composed of Henry Watterson, Colonel W. B. Haideman and W. J. O'Hern, president of the Kentucky Colonels, a local marching organization. Escorted by the Colonels, the party was taken to the Seelbach, where an informal reception was held. Shortly after a luncheon was tendered Mr. Kern, at which brief talks were made by several prominent Democrats. Mr. Kern made a non-partisan address at the Kentucky state fair.

WOMEN ARE EXCLUDED

Will Not Be Admitted to Louisville's "High Brow" Club.

Louisville, Ky., Sept. 23.—Plans are on foot here to organize an exclusive literary and reading society of all the "high brow" of Louisville. Prominent writers and newspaper men have been included, and the purpose of the club is to hear addresses from time to time from famous living writers on literary subjects. Henry Watterson, Young E. Allison and others are fostering the plan. Women are not eligible as members.

Well-Known Negro Dead.

Lexington, Ky., Sept. 23.—The Rev. J. W. Hawkins, pastor of the colored First Baptist church and retiring moderator of the Baptist General Association (colored) of Kentucky, one of the most prominent negroes in the state, died suddenly of heart disease as a result of excitement growing out of a riot created at his home by a member of the Lexington State Guard company. The guardsman accused Hawkins's son of selling liquor and tried to arrest him and later attacked the Hawkins home. Hawkins was highly regarded.

SHE HANDED 'EM TO HIM

Woman Gets Even With Man Who Sold Her Bad Eggs.

Pittsburg, Sept. 22.—After learning that she had been cheated by an egg agent, Mrs. Catherine Holtz put aside eighteen of the twenty-four eggs she had purchased and waited for the nice young man to call again. Every other egg that she tested of the six was bad. When Mrs. Holtz saw the agent leisurely walking with a pretty girl, she put the eggs in a tidy little basket and met him. And then Mrs. Holtz handed them to him, one by one, carefully, gracefully, so they would not be broken in transit. When she had finished the young man was a walking, or rather a feeling, omelet.

Sam and Will Wiggins and Andy Crank were discharged on, the charge of killing Clell Smith. The wives of these three men were also implicated, but likewise discharged.

There was no direct evidence, all being circumstantial. Smith was found dead on his wagon, his body filled with shot and because of former trouble and threats, all eyes turned toward Wiggins and Crank as being the guilty parties, following with their arrest.

SIDE-WALK.—The brick walk in front and around the Court house is worn out and in an extremely bad condition. We believe Judges Bethurum, and Lewis and the members of the Fiscal Court will order a concrete walk put down and that at the regular October term of court. There seems to be no doubt about all of the side walks on Main Street being put down in concrete as the overwhelming sentiment of the town is in favor of it.

One of the saddest deaths that ever occurred in our city, was that of Charley Lechleiter, which came at 3 o'clock Tuesday morning as the result of an injury received Monday afternoon about 5 o'clock.

Mr. Lechleiter who was a brakeman for the L. & N. was caught between two draw-heads near the Main Street crossing, and the life almost mashed out of him instantly but by quick action of other members of his crew he was saved from instant death. Drs. Lovell and Southard went to his relief as quickly as possible but found that the bowels had been burst by the the extreme mash and nothing save temporary relief could be administered.

Charley as he was called was 30 years old and a splendid young man. He had been in the service of the L. & N. four years and a better and more faithful man the road did not have. He could claim almost every one of his associates as his friend.

Uncle Sam Walks on Stars--- So Can You

When it comes to economizing, in some ways, Uncle Sam beats them all. He believes that it pays to buy the best. Now, if there is anybody that is hard on shoes, Uncle Sam's soldiers are. Just think of what an expense it must be to furnish his soldier boys with shoes. If you want to test a good shoe, let a soldier wear it. That would be a sure test. Uncle Sam is now buying "Star Brand Shoes".

The STAR BRAND SHOE is the Best Made

You don't have to take our word for it. Take their record. "Star Brand Shoes" have been on the market ten years. Last year was the tenth year. The sales amounted to ten million, forty-one thousand, three hundred and eighty-five dollars and sixty-five cents. You know last year was the year of the money panic. In addition to this there was a big shoe strike. In spite of all these difficulties the Star Brand Shoes have forged ahead. Two years out of the ten, their shipments increased over two millions of dollars. No other shoe company can boast of such a record.

Why Such Wonderful Success?

It is because these people own and operate ten shoe factories. Where other shoe companies least factories and buy shoes in the open market and put their brand on them, the "Star Brand" people make the shoes they sell. Fifteen thousand merchants sell these shoes and over three millions. American people wear them. If you are not a member of the Three Million Club, we want you to join. If you want to do like Uncle Sam, economize by buying good shoes, you will walk on stars. Every "Star Brand Shoe" has a star on its heel. Every shoe with a star on its heel is sold under a guarantee.

Senator J. B. Foraker Saturday wrote a letter to Judge Taft announcing that he would not attend the Republican rally in Cincinnati Tuesday, where he had been scheduled to deliver an address introducing the presidential nominee. It is now practically certain that Foraker will be eliminated from both the State and National Republican campaigns. Senator Foraker issued another statement yesterday in reply to the charges by W. R. Hearst his St. Louis speech. He says the draft for 50,000 was sent as a loan in a contemplated newspaper deal by friends of Foraker. The deal afterward fell through he says and the draft was returned. The Hearst charges were again the uppermost topic in political circles in Ohio and many conferences were held by the Republican leaders. Judge Taft, however, declined to make any statement for publication. The Indianapolis Star, the organ of the Republican party in Indiana, in an editorial Saturday virtually concedes the loss of the Hoosier State to the Republicans. It lays the blame of the disruption to the party on the Fairbanks machine and Gov. Hanly. It enumerates briefly the causes for loss of the State both for Gov. and the national ticket.

PANICS CAUSED BY REPUBLICANISM.

Yes, a Democratic President issued bonds in time of peace, and a Republican President has since issued bonds in time of peace. Then, where is the difference? Here! The Democratic President issued them immediately after going into office, in order to help the bad financial condition of the country, brought on by Harrison's administration. The Republican President issued his bonds at a time when his party and himself had been in control for a dozen years. Now isn't this as plain as Fido's feet? The rich Republicans and trusts are trying to stay off the present panic until they can get a Democratic President in Power, and that will be no longer than the 4th. of next March. Now the secret of the whole matter is a short story, and is told in this way. The panic that was brought on by a Republican reign of ruin and partiality to the classes from the days of the 60's to 1892 was dumped upon old Grover. And again, after a dozen years of class rule, the climax came, but just a little too soon to get it soaked upon a Democratic administration—thank the Lord, Hallelujah.—Hornet.

SUDDEN ATTACK OF DYSENTERY CURED.

A prominent lady of Brooklyn, N. Y., writes to inquire when she can obtain Chamberlain's Colic, Cholera and Diarrhoea Remedy. She says: "While stopping at a ranch in South Dakota I was taken ill of what seemed to be cholera. They gave me some of this medicine and cured me. I bought a bottle of this medicine and it cured me. I brought a bottle home with me and have just used the last of it today. Mother was taken suddenly ill of dysentery and it helped her immediately." For sale by Chas. C. Davis.

William J. Bryan sent a telegram from Detroit Tuesday to President Roosevelt, in which he challenged him to produce proof of the charges against Gov. Haskell, of Oklahoma, treasurer of the Democratic National Committee. Mr. Bryan serves notice on the President that, as the candidate of the Democratic party, "I shall not permit any responsible member of the Republican organization to misrepresent the Democratic party in the present campaign." The telegram concludes with the statement that the Democratic party is making an honest and honorable fight in defense of its principals and policies and expects and will demand honorable treatment from those who are in charge of the Republican campaign. Mr. Roosevelt made no reply last night to the telegram.

HOW TO GET STRONG

P. J. Daly, of 1247 West Congress St. Chicago, tells of a way to become strong: He says: "My mother who is old and was very feeble, is deriving so much benefit from Electric Bitters, that I feel it my duty to tell those who need a tonic and strengthening medicine about it. In my mother's case, insomnia has been overcome, and she is steadily growing stronger." Electric Bitters quickly remedy stomach, liver and kidney complaints. Sold under guarantee at Chas. C. Davis' drug store. 50c.

Col. John H. Whallen, who returned Tuesday from the East, where he had spent a month following a month in England, said that New York is going for Bryan and that Bryan's gains in the time he was abroad were most remarkable.

PASSED EXAMINATION SUCCESSFULLY

James Donahue, New Britain, Conn., writes: "I tried several kidney remedies, and was treated by our best physicians for diabetes but did not improve until I took Foley's Kidney Remedy. After the second bottle I showed improvement, and five bottles cured me completely. I have since passed a rigid examination for life insurance." Foley's Kidney Remedy cures backache and all forms of kidney and bladder trouble.

LAME BACK.

This is an ailment for which Chamberlain's Pain Balm has proven especially valuable. In almost every instance it affords prompt and permanent relief. Mr. Luke LaGrange of Orange, Mich., says of it: After using a plaster and other remedies for three weeks for a bad lame back I purchased a bottle of Chamberlain's Pain Balm, and two applications effected a cure." For sale by Chas. C. Davis.

After arguments, Chief Justice C. L. Taft, of the Supreme Court of the District of Columbia Tuesday directed that President Gompers of the American Federation of Labor, should reply to the question regarding the contents of the September number of the American Federationist in the course of taking testimony in the contempt proceedings against Mr. Gompers and other officials of the federation Judge Alton B. Parker, of New York, made the contention for the labor officials that they had not violated the decree of injunction.

Attack of Diarrhoea Cured by One Dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

I was so weak from an attack of diarrhoea that I could scarcely attend to my duties. When I took a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy, it cured me entirely and I had been taking other medicine for nine days with out relief. I heartily recommend this remedy as being the best to my knowledge for bowel complaints.—R. G. STEWART, of the firm of Stewart & Bro., Greenville, Ala. For sale by Chas. C. Davis.

The week will be signalized in the remarkable fight which science is making to conquer consumption by the beginning in Washington of the International Congress on Tuberculosis, which will continue until October 12.

A letter from President Roosevelt to William B. McKinley chairman of the Republican Congressional Campaign Committee, in which the President pleads for votes for Taft, has been made public.

The statement of the New York clearing house banks for the past week shows that the banks hold \$50,218,525 more than the requirements of the 25 per cent. reserve rule. This is a decrease of \$1,774,300 in the proportionate cash reserve as compared with the previous week.

When you have a cold you may be sure that it has been caused indirectly by constipation and consequently you must first of all take something to move the bowels. This is what has made Kennedy's Laxative Cough Syrup so successful and so generally demanded. It does not constipate like most of the old fashioned cough cures, but on the other hand it gently moves the bowels and at the same time heals irritation and allays inflammation of the throat. Sold by Chas. C. Davis.

WATSON, BRYAN AND THE SOUTH.

Tom Watson apparently cares as little for being President. Having accepted the Presidential nomination on the Populist ticket, he has made his campaign a crusade against Mr. Bryan based on the charge that Mr. Bryan is not a friend of the South. The question of Mr. Bryan's friendship for them is not one for them is not one which is given the Southern people much concern. The exigencies of politics have given him little opportunity for practical demonstration of his good will, but the fact that he has overlooked no opportunity is an evidence that, with Mr. Bryan as president, the South will have no cause to complain of unfair treatment. The amusing feature of the Watson performances is that while he is accusing Mr. Bryan of want of friendship for the South he is assuming that the South has forgot that when Kiefer, of Ohio, attempted to have South's representations in Congress cut down, he found in Watson, some of his strongest supporters, Watson declaring that "it makes no difference South or the Southern people whether the representation in Congress or the electoral college is reduced or not." Mr. Watson's belated zeal for the South and its people against the imaginary danger to which they will be exposed in the event of Mr. Bryan's election is, naturally, not creating the alarm that Mr. Watson would, doubtless, be pleased to see.

A PAYING INVESTMENT.

Mr. John White, of 38 Highland Ave., Houlton, Maine, says: Have been troubled with a cough every winter and spring. Last winter I tried many advertised remedies, but the cough continued until I bought a 50c. bottle of Dr. King's New Discovery; before that was half gone, the cough was all gone. This winter the same happy result has followed; a few doses once more banished the annual cough. I am now convinced that Dr. King's New Discovery is the best of all cough and lung remedies. Sold under guarantee at Chas. C. Davis' drug store. 50c. and \$1.00 Trial bottle free.
